Stuff THE TRAILER

It is with great excitement to share the news that Stuff the Trailer is returning once again Saturday, December 12, 2026 at FreshCo Powell River.

Stuff the Trailer is one of the ways Coast FM seeks to give back to Powell River and use the power of radio to raise food and cash donations benefiting our local food banks.

As we approach the holiday season, many local families continue to face financial strain and food insecurity. Our goal this year is to gather enough donations to ensure families in our community have access to nutritious meals throughout the winter months.

Businesses have always played a vital role in helping us meet this goal. Your support—whether big or small—directly impacts the well-being of families, seniors, and individuals who rely on local food banks more than ever. We believe that when businesses and community members come together, we can create meaningful change and ensure no one goes without during the holidays.

How you can help!
Businesses, local organizations, and private donors are invited to step up to help our community by donating cash or food donations. You can even challenge your friends or other businesses! We've attached a payment form if you wish to donate.

Please fill out and return to Haley Olson: holson@vistaradio.ca

Thank you for your generous support!!
